#### 4. What is Online Behavioral Advertising and How Can I Opt-Out?

Targeted advertising (also known as Behavioral Advertising) uses information collected on an individual's web or mobile browsing behavior such as the pages they have visited or the searches they have made. This information is then used to select which advertisements should be displayed to a particular individual on websites other than our web site(s). For example, if you have shown a preference for nursing while visiting our web site(s), you may be served an advertisement for nursing-related programs when you visit a site other than our web site(s). The information collected is only linked to an anonymous cookie ID (alphanumeric number); it does not include any information that could be linked back to a particular person, such as their name, address or credit card number. The information used for targeted advertising either comes from us or through third party website publishers.

If you would like to opt out of targeted advertising from us that occurs when visiting our third party advertising publishers, please email [marketing@Tow2Go.com](mailto:marketing@Tow2Go.com). Please note that this will opt you out of targeted ads from our Company and any other participating advertisers. If you opt out, you may continue to receive online advertising from us; however, these ads may not be as relevant to you.

In order for behavioral advertising opt-outs to work on your Device, your browser must be set to accept cookies. If you delete cookies, buy a new Device, access our Services from a different device, login under a different screen name, or change web browsers, you will need to opt-out again. If your browser has scripting disabled, you do not need to opt out, as online behavioral advertising technology does not work when scripting is disabled. Please check your browser's security settings to validate whether scripting is active or disabled.

Additionally, many network advertising programs allow you to view and manage the interest categories they have compiled from your online browsing activities. These interest categories help determine the types of targeted advertisements you may receive. The NAI Opt-Out Page provides a tool that identifies its member companies that have cookies on your browser and provides links to those companies.

#### 5. User- Posted Content

You should be aware that any User Content you provide in these areas may be read, collected, and use by others who access them. Thus, please think carefully before deciding what information you share, including Personal Information, in connection with your User Content. Please note that we do not control who will have access to the information that you choose to make public, and cannot ensure that parties who have access to such publicly available information will respect your privacy or keep it secure. This Privacy Policy does not apply to any information that you disclose publicly, share with others or otherwise upload, whether through the TOW2GO Service or otherwise. We are not responsible for the privacy practices employed by any of these third parties. For example, if you click on a banner advertisement, the click may take you away from one of our websites onto a different web site. These other web sites may send their own cookies to you, independently collect data or solicit Personal Information and may or may not have their own published privacy policies. We encourage you to note when you leave the TOW2GO Service and to read the privacy statements of all third party web sites or applications before submitting any Personal Information to third parties.

You may also cancel or modify your communications that you have elected to receive from the Services by following the instructions contained within an e-mail or by logging into your user account and changing your communication preferences.

If you wish to cancel your account or request that we no longer use your information to provide you services, contact us through [support@Tow2Go.net](mailto:support@Tow2Go.net).

We will retain your Personal Information and Usage Information (including geo-location) for as long as your account with the TOW2GO Service is active and as needed to provide you services. Even after your account is terminated, we will retain your Personal Information and Usage Information (including geo-location, trip history, credit card information and transaction history) as needed to comply with our legal and regulatory obligations, resolve disputes, conclude any activities related to cancellation of an account (such as addressing chargebacks from your credit card companies), investigate or prevent fraud and other inappropriate activity, to enforce our agreements, and for other business reason. After a period of time, your data may be anonymized and aggregated, and then may be held by us as long as necessary for us to provide the TOW2GO Service effectively, but our use of the anonymized data will be solely for analytic purposes.

## 9. Minors Prohibited from Using the TOW2GO Service

If you are a parent or guardian of a minor under the age of eighteen (18) and believe he or she has disclosed Personal Information to us, please contact us at [support@tow2go.net](mailto:support@tow2go.net).

## 10. Data Security

We use standard, industry-wide, commercially reasonable security practices such as encryption, firewalls and SSL (Secure Socket Layers) for protecting your information – such as any portions of your credit card number which we retain (we do not ourselves

retain your entire credit card information) and geo-location information. Please note that data that is transported over an open network, such as the Internet or e-mail, may be accessible to anybody. We cannot guarantee the confidentiality of any communication or material transmitted via such open networks. When disclosing any information via an open network, you should remain mindful of the fact that it is potentially accessible to others, and consequently, can be collected and used by others without your consent. In particular, while individual data packets are often encrypted, the names of the sender and recipient are not. A third party may therefore be able to trace an existing bank account or relationship or one that is subsequently created. Even if both the sender and recipient are located in the same country data may also be transmitted via such networks to other countries regularly and without controls, including to countries that do not afford the same level of data protection as your country of domicile. Password-protected areas of the TOW2GO Service can be accessed only with a valid user name and password. Each password owner is responsible for keeping the password confidential and safe, as TOW2GO has no control or responsibility for this type of User information. If the password may have been stolen or might otherwise be misused, it is the responsibility of the password owner to notify TOW2GO immediately for further action. Your data may be lost during transmission or may be accessed by unauthorized parties. We do not accept any liability for direct or indirect losses as regards the security of your information or data during its transfer via Internet. Please use other means of communication if you think this is necessary or prudent for security reasons

#### 11. TOW2GO's Right to Amend this Privacy Policy.

From time to time, we may update this Privacy Policy to reflect changes to our information practices. Any changes will be effective immediately upon the posting of the revised Privacy Policy. If we make any material changes, we will notify you by email (sent to the e-mail address specified in your account) or by means of a notice on the Services prior to the change becoming effective.
